

2018 High School Feeder League Rules

Background: The High School Softball Feeder League was created to provide a structured, positive and competitive softball environment for all teams and players. Our Feeder League rules are designed to promote growth in a player's softball skills, opportunity for all players to experience live game situations, and good sportsmanship. We expect participants (coaches and players) to honor the game by knowing and following the playing rules outlined below

All Feeder League grade divisions will be governed by the 2018 USA Softball rules, and the following FEEDER LEAGUE Rule exemptions listed below, in alphabetical order. These are the PLAYING rules of the game. Anything not mentioned in these KAA rules exceptions or USA Softball rules will be the judgment of the KAA Umpire-in-Chief on duty. Protests are not permitted, as the KAA UIC on decision is final.

What's new for 2018?

A. Coaches

1. On offense, the base coaches must remain in their respective coaching boxes. They must make a substantial effort to avoid getting hit by a thrown and/or batted ball. They must also never assist any base runner while play is still live.
2. On defense, coaches are not allowed on playing field, while play is live.
3. Coaches may call pitches from outside the fence, close to spectator bleaches, at the umpire's discretion. This is a privilege and may be revoked should coach's behavior warrant such action.
4. Absolutely NO electronic equipment is permitted on playing field, i.e. i-Pads, i-phones, laptops, etc.

B. Courtesy Runner

1. If the catcher or pitcher for the batting team is on base, a courtesy runner may be used. This courtesy runner must be the last girl to make an out before the catcher or pitcher. The courtesy runner may only be used for the pitcher or catcher who last played that defensive position and may not be used for a projected substitute for those two positions.

C. Dugouts

1. The Home Team, which is the team listed first on the schedule, will occupy the 3rd base dugout. The exception to this rule is if this team plays back-to-back games, they will remain in the same dugout for their second game.

D. Eligibility (Player)

All players must be on a KAA Roster, for insurance purposes and to confirm the player has met the eligibility requirements listed below:

Teams must be made up of players that meet these requirements

1. Reside in the specific-school district or be eligible to attend the district high school
2. Enrolled, during the fall feeder league season, in the grade level of the feeder team. Players are allowed to "play-up" on the higher-grade level team but players are not permitted to "play-down" on the lower grade team.
3. Coaches can double-roster players within the same district's team, as long as they meet the grade level requirement. Specifically, 6/7th grade players can be rostered on the 6/7th & 8th grade team but 8th Graders can only be on the 8th grade team roster.

4. Consideration will be given for a guest player, only if a team is unable to field 9 players for a game, in order to avoid a forfeit. A guest player must have a Roster Exception Request Form approved by the League Coordinator before play begins, and be added to a supplemental team roster, or the player will be ruled ineligible and the game will be forfeited.
5. Managers/Coaches must keep a copy of their team roster and player's birth certificates with them at all league games.
6. No player may play for a team outside of their high school boundary **without a Roster Exception Form being approved by KAA League Coordinator** prior to the start of the league. Any coach violating this rule will be directed to step down as coach of the team.
 - a. A team is allowed up to a maximum of 2 roster exemptions

E. Eligibility: Roster Exemption Requests and Multi- District Teams

1. In situations where a Coach is unable to assemble enough players to field a team, the Coach can submit a Roster Exemption Form, to the KAA League Coordinator, requesting an out of district player be added to their team
 - a. A team is allowed to request up to a maximum of 3-roster exemptions. Exceptions to the number of eligible exemptions will be considered for parochial schools.
 - b. If the player's geographic high school does not have a team playing in a feeder league, the League Coordinator will review the exemption request and it will be considered for approval.
 - c. If the player's district already has a team registered, the Roster Exception Request Form will need to be approved and signed by the Manager of the team the player is eligible to play with.
 - d. Players who are competing for their school in a state-sanctioned middle school league (MHSSAA or IHSSAA), whose season overlaps with the feeder league, will not be eligible for a roster exemption, under any circumstances.
2. In situations where one school district cannot assemble enough players to field a team, the KAA League Coordinator will approve the combining of two districts into one feeder team. This would have to be approved by the League Coordinator prior to the team registering for the league.
